PROFESSIONAL SUMMARY

M.Sc. Zoology graduate with hands-on research, laboratory, and documentation experience that translates directly into strong data analysis, technical reporting, and stakeholder communication skills. Proven ability to design research studies, test and analyze samples, maintain accurate records, and produce clear reports for academic and professional evaluation. Certified in Business Communication, Data Science & Analytics, AI Fundamentals, and Effective Presentations. Combines scientific rigor with business-ready skills in documentation, coordination, and process management - equally suited to Research/Laboratory/QC roles in Life Sciences and to HR, Operations, MIS, Documentation, or Customer Support roles in corporate, non-IT environments.

CORE SKILLS

Technical Skills: Laboratory Documentation, Research Methodology, Sample Collection & Testing, Data Analysis & Data Management, Scientific/Technical Reporting, Quality Assessment & Control, MS Excel, MS Word, PowerPoint, Google Workspace, Data Science & Analytics Fundamentals, Basic AI Tools

Transferable / Business Skills: Business Communication, Stakeholder Coordination, Documentation & Records Management, Customer/Client Handling, Team Collaboration, Problem Solving, Critical Thinking, Adaptability, Planning & Scheduling, Operations Support, MIS Reporting, Time Management, Attention to Detail

RESEARCH, LABORATORY & DOCUMENTATION EXPERIENCE

- Research Experience - Milk Quality & Food Safety Testing - Jamal Mohamed College (Autonomous)2023 - 2025
 - Designed and executed a sample-collection and lab-testing protocol to evaluate adulteration in milk sold by local vendors across Tiruchirappalli city, applying standardized quality-testing procedures.
 - Recorded and cross-verified test data for accuracy, then authored a structured technical report translating results into actionable public-health conclusions, evaluated and approved by the academic panel.
- Research Experience - Insect Biodiversity Field Survey - Bishop Heber College (Autonomous)2020 - 2023
 - Directed a 7-member field research team across 3 survey sites in Tiruchirappalli District, coordinating schedules and applying systematic taxonomic classification methods.
 - Consolidated field data into a structured biodiversity report and presented findings to faculty evaluators, strengthening leadership and cross-functional coordination skills.
- Laboratory Experience - Pisciculture & Aquaculture Operations - KPK Fish Farm, Tamil Nadu2022
 - Recorded and monitored daily water-quality and fish-health data, following structured SOPs for pond preparation, stocking, and feeding to support disease-prevention decisions through consistent reporting.
- Documentation Experience - Green Fodder Production & Dairy Value Addition - VUTRC, Tamil Nadu2021
 - Completed structured training in cultivation, preservation, and value-addition processes; documented resource-management practices, strengthening planning and process-documentation skills.

EDUCATION

- M.Sc. Zoology - Jamal Mohamed College (Autonomous), Tiruchirappalli - CGPA: 7.35/102023 - 2025
- B.Ed. Biology (Pursuing) - Vel College of Education, Tamil Nadu Teacher Education University, Chennai2025 - 2027
- B.Sc. Zoology - Bishop Heber College (Autonomous), Tiruchirappalli - CGPA: 6.65/102020 - 2023

ACHIEVEMENTS

- Independently designed and delivered 2 research studies (food safety testing & biodiversity survey) from protocol design through final documentation, both evaluated and approved by academic panels.
- Completed 5 professional certifications (HP LIFE) - Business Communication, Data Science & Analytics, AI Fundamentals, Effective Presentations, Presenting Data - within a 2-month period.
- Selected for Goodwin's Life Sciences Litigation Job Simulation (via Forage), gaining exposure to legal and compliance documentation practices in the life sciences sector.
- Led a 7-member field research team to complete a 3-site biodiversity survey on schedule, from data collection through final report submission.

CERTIFICATIONS & ADDITIONAL TRAINING

Effective Presentations, Business Communications, AI for Beginners, Data Science and Analytics, Presenting Data - HP LIFE Online (Nov-Dec 2024) | Life Sciences Litigation Job Simulation - Goodwin, via Forage (Jul 2026) | Foldscope Microscopy Workshop - Ministry of Culture, Govt. of India (2022) | Wildlife Conservation Seminar & Marine Fisheries of India / CMFRI Research Activities | Employability Skills Program - Workplace Communication & Interview Preparation
